DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 41-60 and 77, drawn to a binding resin.

Group II, claim(s) 61-75, drawn to a method.

Group III, claim(s) 76, and 78-80, drawn to a product/article.

The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the technical feature which is common to both groups, namely a powder that comprises silica and a hardening agent does not define a contribution over the prior art as evidenced by Yasuda et al (US 5,218,015), specifically see Col. 2, Lines 32-30 of the reference which discloses a composition comprising fine silica powder and a hardening agent. Therefore the cited technical feature does not constitute a special technical feature and hence there is lack of unity between the cited groups.

2. A telephone call was made to Albert Josif on 2/11/2009 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 1796

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
